

Color Book for Eagle Lake Two Development

Revised 07-11-2017

* Please note the official hard copy of the Color Book is kept by the Board of Directors. The screen rendering of this soft copy version on your computer may not be an exact match with the manufacturer color samples. Always refer to the manufacturer color chip.

* The original colors for the development were offered by Color Wheel which is now out of business. The web site, www.myp perfectcolor.com, shows the color samples and numbers. Also, other paint suppliers should have the color formulas on record or can scan/match the color chips.
